ADDITIONAL COMMENTS: Spring conditions remain as cool, cloudy, seems slow in coming
Algae blooms growing, Trillium foliage up, yellow violets in bloom. Snow almost
gone from NF watersheds, only trace @ W-9, rest is on the ridge.

Applicable dBASE FIELD codes 911= High Flow Event in Progress, 912 = Drought Conditions (syringe from Standing Pool); 969 = possible problems (note)

955 = QNS: Quantity Not Sufficient for analyses
